Emily.Hoke@health.mo.gov
Office: 573.751.8262
Cell: 573.291.2395

Annette Lopes
Project Support/Fiscal – PHEP
Email:
annette.lopes@health.mo.gov
Office: 573.522.5008
Cell: 573.569.2144

Diane Rackers
Part-time Support – PHEP/ERC
Email:
diane.rackers@health.mo.gov

Scope of Work

Overview

4.1 The Contractor's Administrator, contract staff, and other employee(s) designated by the Administrator shall complete the Federal Emergency Management Agency (FEMA) Independent Study Program: IS-700 – Introduction to the National Incident Management System (NIMS), IS-800 – Introduction to the National Response Framework, IS-100 – Introduction to Incident Command System (ICS), ICS-200 – Incident Command System for Single Resource and Initial Action Incidence, ICS-300 – Intermediate Incident Command System for Expanding Incidents, and ICS 400 – Advanced Incident Command System for Command and General Staff.

4.1 The Contractor's Administrator and other employee(s) designated by the Administrator are encouraged to complete the Federal Emergency Management Agency (FEMA) Independent Study Programs as follows: [Emergency Management Institute | Independent Study Program \(IS\)](#)

- 
- **Public health preparedness and recovery staff, including exercise planning staff:**
 - Incident Command System (ICS) 100: Introduction to ICS
 - ICS 700: An Introduction to the National Incident Management System (NIMS)
 - ICS 706: NIMS Intrastate Mutual Aid
 - ICS 800: National Response Framework, An Introduction
 - IS-120.C: An Introduction to Exercise
 - IS-2900.A: National Disaster Recovery Framework (NDRF) Overview
 - Homeland Security Exercise and Evaluation Program
 - Emergency Management Assistance Compact (EMAC) Pre-Event Preparation for Resource Providers
 - **Health Department supervisory positions:**
 - ICS 200: Basic ICS for Initial Response
 - Independent Study (IS)-2200: Basic Emergency Operations Center Functions
 - **Staff with designated response roles:**
 - ICS 300: Intermediate ICS for Expanding Incidents (In Person)
 - EMAC Just-in-Time Training for Deploying Personnel
 - Crisis and Emergency Risk Communication (CERC)
 - **Senior staff who support the management of large/complex responses (incidents across multiple locations or over a large area):**
 - ICS 400: Advanced ICS (In Person)

- 4.2 The Administrator shall provide twenty-four (24) hours, seven (7) days per week coverage for response to public health emergencies, and infectious diseases for the Contractor's jurisdiction. This coverage requires the individual or their designee in charge to respond.
- 4.2.1 The Contractor shall notify and provide the Emergency Response Center (ERC) with cellular phone, pager, or answering service number(s) within twenty-four (24) hours of any change. **This information shall be provided to the ERC by email at DRMS@health.mo.gov.**
- 4.2.2 The Contractor **shall maintain a current twenty-four (24)/seven (7) roster** with all contact information for the persons responsible to fill the ICS public health command role in their local jurisdiction and shall notify the ERC within one week of changes made in command staff and contact information.

4.3 Within one (1) week of contract staff changes, the Contractor shall notify the Department's Office of Emergency Coordination (OEC) of new employee's name, job function/title and contact information. **The Contractor shall send this information by email to Preparedness@health.mo.gov.**

- 4.5 The Contractor shall use and enter appropriate case information into the Department's ShowMe WorldCare application site at:
<https://health.mo.gov/living/healthcondiseases/communicable/novel-coronavirus-lpha/smwc/index.php>
- 4.6 The Contractor shall abide by the reporting requirements set forth in 19 CSR 20-20.020 (9) (<https://www.sos.mo.gov/cmsimages/adrules/csr/current/19csr/19c20-20.pdf>).

4.7 The Administrator or their designated employee is encouraged to attend quarterly epidemiology meetings and/or conference calls as organized by the Department's Regional Senior Epidemiologist and/or Medical Epidemiologist.

4.8 The Contractor shall ensure that the person performing the epidemiology deliverables attends at least one (1) epidemiology, or statistics, or communicable disease, or emergency response training/course during the contract year.

- 4.9 The Contractor shall designate a Health Alert Network (HAN) coordinator.
- 4.9.1 This HAN coordinator will be granted administration and distribution rights at the local level.
 - a. When agency staff/other county individuals request access to the contractor's organization in Missouri Health Notification System (MOHNS), the HAN coordinator shall manage who will have access to information distributed through the MOHNS based on public health roles, thus ensuring ongoing protection of critical data distributed through the MOHNS system.
- 4.9.2 The Contractor shall participate in necessary trainings as scheduled by the Department's ERC regarding the use of the HAN system. Free training can be found at <https://learning.juware.com/> under CORES.
 - 4.9.3 The Contractor can login through <https://mo-hns.org/> or <https://login.juware.com>.
 - a. If you login through Juware will open "Health Alerts Missouri" to access the Missouri Health Notification System.
 - 4.9.4 The Contractor shall ensure key local MOHNS contact information is transferred to the HAN system and is updated as changes occur. If Administration rights for system users need to be updated the ERC HAN contact must be notified.
 - 4.9.5 The Contractor shall inform the state HAN Coordinator of any notifications initiated at the local level. If you need assistance with how to do this, you can reach out to the ERC HAN Contact.

- 
- 4.10 The Contractor shall collaborate with the Department on the prioritization and future implementation of the Centers for Disease Control and Prevention's (CDC's) Preparedness Capabilities and Performance Measures.
- 4.10.1 The Contractor shall provide local input, participate in conference calls, and/or complete survey(s) as requested by the Department in order to assist with strategic planning.

Jerry's Activities

<p>January 1: New Year's Day, 2025.</p>	<p>January 8: Coordination of LPHA Activities. Coordination with Tonya, FRC, discussing how the Drives Education Program at FRC is conducted. Program very beneficial for youth of New Madrid County. NWS Paducah Station's Winter Weather Conference Call discussing the incoming winter weather for Thursday evening, January 9, 2025, and Friday, January 10, 2025.</p>
<p>January 2 - 3: Out for Personal Health - Strep Throat.</p>	<p>January 9 Coordination of LPHA Activities. Coordinate with Kim Glover, VNA Corporate HR, discussing the training opportunity for VNA Staff for the Earthquake Summit, March 19, 2025, and Mass Fatality Full Scale Exercise scheduled for May 2025. Coordinate with Jess Cagle, EMD-Pemiscot County, providing WEBEOC support for the incoming Winter Weather Storm.</p>
<p>January 4 - 5 Monitor LPHA Activities.</p>	<p>January 10: Coordination of LPHA Activities. Snow Day, 2025. Monitor WEBEOC and NWS Paducah and Memphis Weather Stations during the Winter Weather Storm.</p>
<p>January 6: NWS Paducah Station's Winter Weather Conference Call. Monitor WEBEOC.</p>	<p>January 11 - 12 Monitor LPHA Activities.</p>
<p>January 7: Coordination of LPHA Activities. Monitor LPHA status as some counties were in weather delay or closed. Begin initial completion of the FY 25 Semi-Annual Work Plan Report for Capabilities 1 - 2 - 3 - 13 and 15.</p>	<p>January 13: Coordination of LPHA Activities. Coordinate with Estrella Camona, Staff Member Saint Francis Medical Center, discussing the possibility of LPHAs assisting with a Mobile Vaccination Clinic. Coordinate with Beau Bishop, EMD-Stoddard County, discussing the planned January 15th meeting for the establishment of a Stoddard County COAD</p>

NWS Paducah Station's weekly Winter Weather Conference called facilitated by Justin Gibbs, Senior Meteorologist. Coordinate with Ben, SCPHC, discussing attendance at the January 15th meeting to establish a Stoddard County COAD. Coordinate with Doctor Hunter-Pearson, Standing Order Physician, and Dana, NMCHD DON, discussion of signed Standing Orders and patient files.

January 14: Coordination of LPHA Activities.

Attend, support and Participate-in the regularly monthly scheduled SHRM of SEMO meeting located at Three Rivers College and facilitated by Summer Dunker, President.

Coordinate with John Scott, EMD-Scott County, discussing FEMA/SBA and COAD/LTRC activities.

January 15: Coordination of LPHA Activities.

Attend, Support and Chair the monthly meeting of the NMCHRCCP Partnership at the Family Resource Center. Tonya, Executive Director, conducted the meeting explaining and discussing the ongoing activities of the FRC Activities.

Discussed Staffing annual raises and possible fraudulent activities done by a former staff member.

Picked up Standing Orders signed by Standing Order Physician.

Completed registration as a Judge for the annual SCTC Job Olympics.

Attend, Support and Participate-in the kickoff meeting for the formation of the Stoddard County COAD.

January 16: Coordination of LPHA Activities.

Coordinate with Jeff Briggs the discussion of sponsors for the Earthquake Summit – 2025.

Attend, Support, and record as Secretary the minutes of the quarterly meeting of the SEMO EMD/EMA Meeting.

Attend, Support, and Participate as the Primary in the Health Discipline the quarterly meeting of the Region E RHSOC Committee.

Attend, Support, and Participate-in the quarterly meeting of the BRPC-TAC Committee.

Complete and submit to Robbie, EMD, and Jeremy, SEMA, minutes for the January 15th SEMO EMD/EMA meeting.

Coordinate LPHA Monitoring schedule for Dunklin County.

January 29: Coordination of LPHA Activities.

Coordinate with Emily, PHEP Planner, discussing submission of a power-point for the March 12th Planners Meeting.

Coordinate with Tonya, FRC, discussion of an outside agency asking for meeting space within the Family Resource Center facility.

Coordinate with Robbie Myers, EMD-Butler County, the current status of providing a meal for the attendees at the Earthquake Summit – 2025, March 18th.

Coordinate with MCHD Staff, discussion of participation in upcoming PHEP program activities.

Establish contact with John Scott, EMD-Scott County, discussing the presence of FEMA Staff in Scott County, Thursday, January 30th.

Coordinate with MOCERTA staff virtual attendance for the quarterly meeting of the MOCERTA General Membership, hosted by Ronnie Bell, Secretary.

January 30: Coordination of LPHA Activities.

Prepare Month End Reports for Bootheel 6 and Washington Counties LPHA's.

Attend, Support and Participate-In the emergency called NWS Memphis Station's Heavy Rain and Flash Flooding weather update, especially Pemiscot and Dunklin Counties and entering New Madrid County for all day Thursday into the evening hours. 3 -5 inches of rain forecast.

>Attend, Support and Participate-In the Bootheel Regional Planning Commission sponsored FEMA presentation "FEMA BRIC DTA Kickoff" for Scott County Missouri. BRIC – Building Resilience in Communities. DTA – Direct Technical Assistance. The BRIC DTA is a part of the CDRZ Program.

CDRZ – Community Disaster Resilience Zones. Meeting attended by numerous Sikeston and Scott County employees and elected officials.

January 31: Coordination of LPHA Activities.

Complete Month End PHEP Reports for LPHA Administrators and Directors.

Pick up and deliver supplies for Pemiscot County Health Department at SEMO Food Bank.

February 2025 Activities

Participate-In NMSZ Planning Team Meeting.

Participate-In Earthquake Summit – 2025 Conference Call.

Attend SHRM of SEMO meeting.

Attend CAPA Meeting.

Attend EMAC/COAD Meeting.

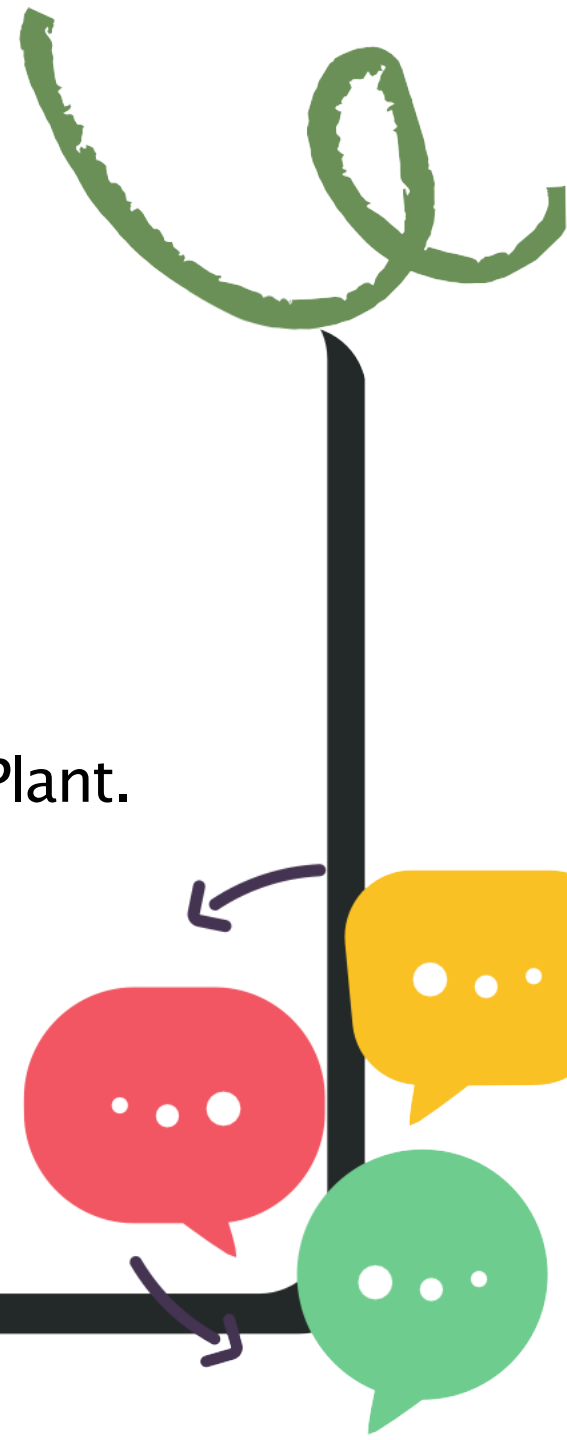

Attend Bootheel LEPC Activity – Tour Associated Electric Power Plant.

Attend NMHRCCP Board Meeting.

Attend MHA's Region E Missouri Healthcare Coalition Meeting.

Attend SEMO LEPC Meeting.

Participate-In LPHA Monitoring for Mississippi County Health Department.

FY 25 - Capability 1. Community Preparedness

Pre-Written Work Plan Activity.

Conduct a public health risk assessment with a collaborative planning team of public health, emergency management, healthcare system representatives and organizations that serve at-risk populations using MOPHRAT, identifying the hazards, impacts and vulnerable population groups within "name of jurisdiction" by May 31, 2025.

Pre-Written Expected Outputs.

Completed jurisdiction risk assessment with at-risk populations identified. Partnerships developed with organizations serving at risk populations as evidenced by partners identified in the risk assessment tool.

FY 25 - Capability 1. Community Preparedness

Output Accomplishments Mid-Year. Activities to accomplish desired outcomes!

MOPHRAT Workshop. January 24-25, 2024. Conducted by Kay Beesley and Mark Pethan. Workshop follow-up.

Review of MOPHRAT Tool with questions about how to enter data when the number of specimens submitted to lab are less than one? Is the entry a .001 as an example? A MOPHRAT meeting is schedule with Mark Pethan and Jessica Sexton, Capability 1 Leads, at the SEMA Conference August 25-29, 2024, Columbia, Missouri. Meeting Agenda is to review the MOHPRAT Tool and review how to correctly enter data to ensure that the end product reflects the appropriate Risk Assessment. Collecting Data for the Bootheel 6 LPHA's especially Surveillance Cases and number of Lab Specimens submitted. Additionally, reviewing and updating the Earthquake Risk Hazard Data. CUSEC is in the process of distributing an Earthquake Risk Assessment prepared by their Memphis Office. Also, receive regular updates for the National Weather Service in the form of a DSS Packet (Decision Support Services). DSS Packets present weather trends and issue Severe Weather Warnings. Participated and completed the 2024-2025 Missouri Healthcare Coalition's Region E Healthcare Coalition Hazard Vulnerability Assessment, with copy attached. Participant in the FEMA Region 7 NMSZ Planning Group.

FY 26 - Capability 5. Fatality Management

Pre-Written Work Plan Activity.

Review and update jurisdictional mass fatality plan(s) with at least one planning team meeting. Participants in the meeting to include the county coroner, emergency management and public health. Identified public health role, resources and operations will be added to all mass fatality plans by March 31, 2026.

Pre-Written Expected Outputs.

Coordination with partners to effectively address public health needs and provide fatality management services in an incident that results in mass fatalities will be evidenced in all jurisdictional emergency operations plans by March 31, 2026.

FY 26 - Capability 5. Fatality Management

Proposed Activities for Contract Deliverable Compliance.

- Participate in the planned May 2025, Mass Fatality Exercise.
- Conduct a tabletop during a LPHA Staff Members and review the exercise activities, observations, and comments.
- Coordinate with County Coroner a review of the LPHA Activities during the May 2025 Mass Fatality Exercise.

Planning is a
Puzzle.

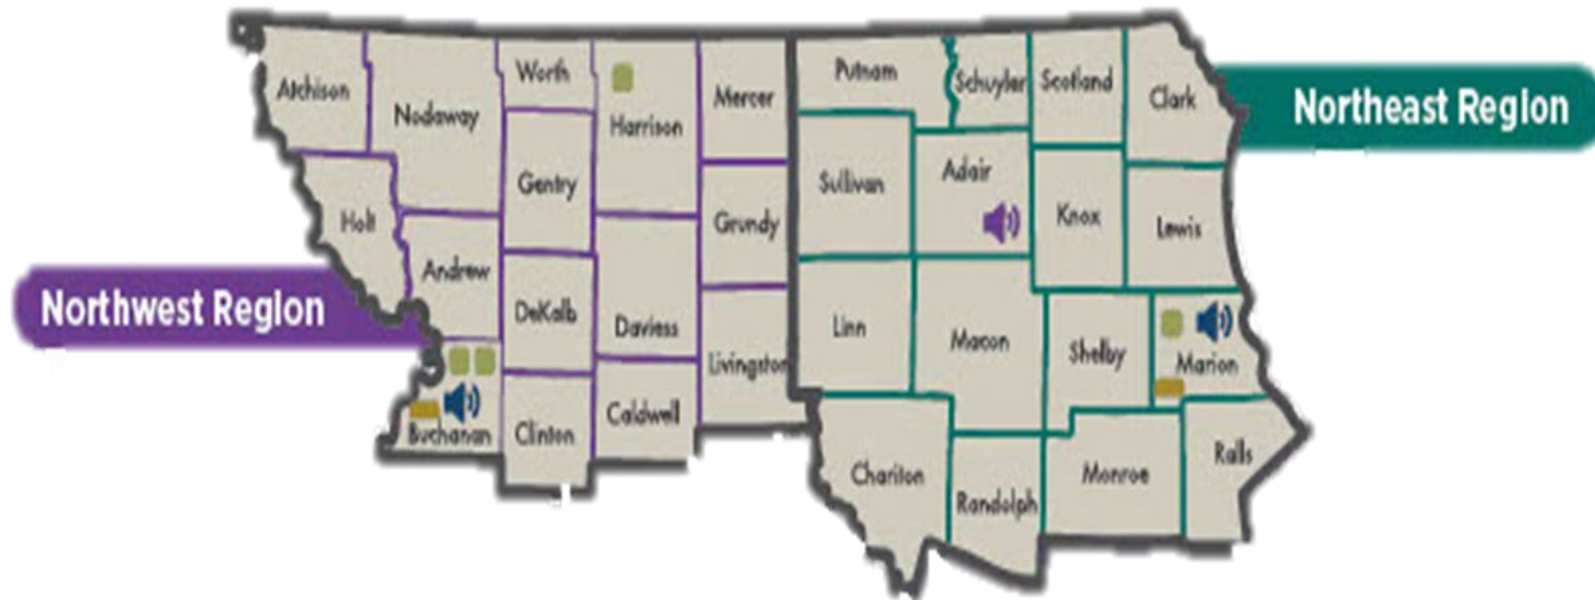

Visualize a
completed Puzzle

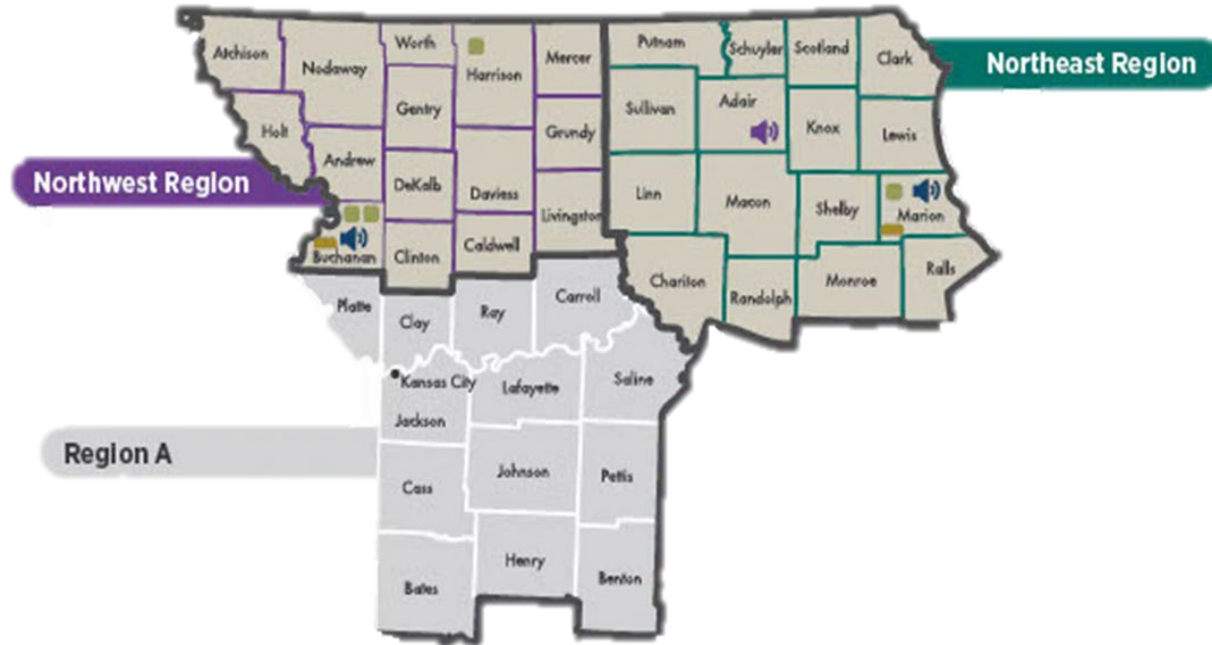

Meeting schedule for month.

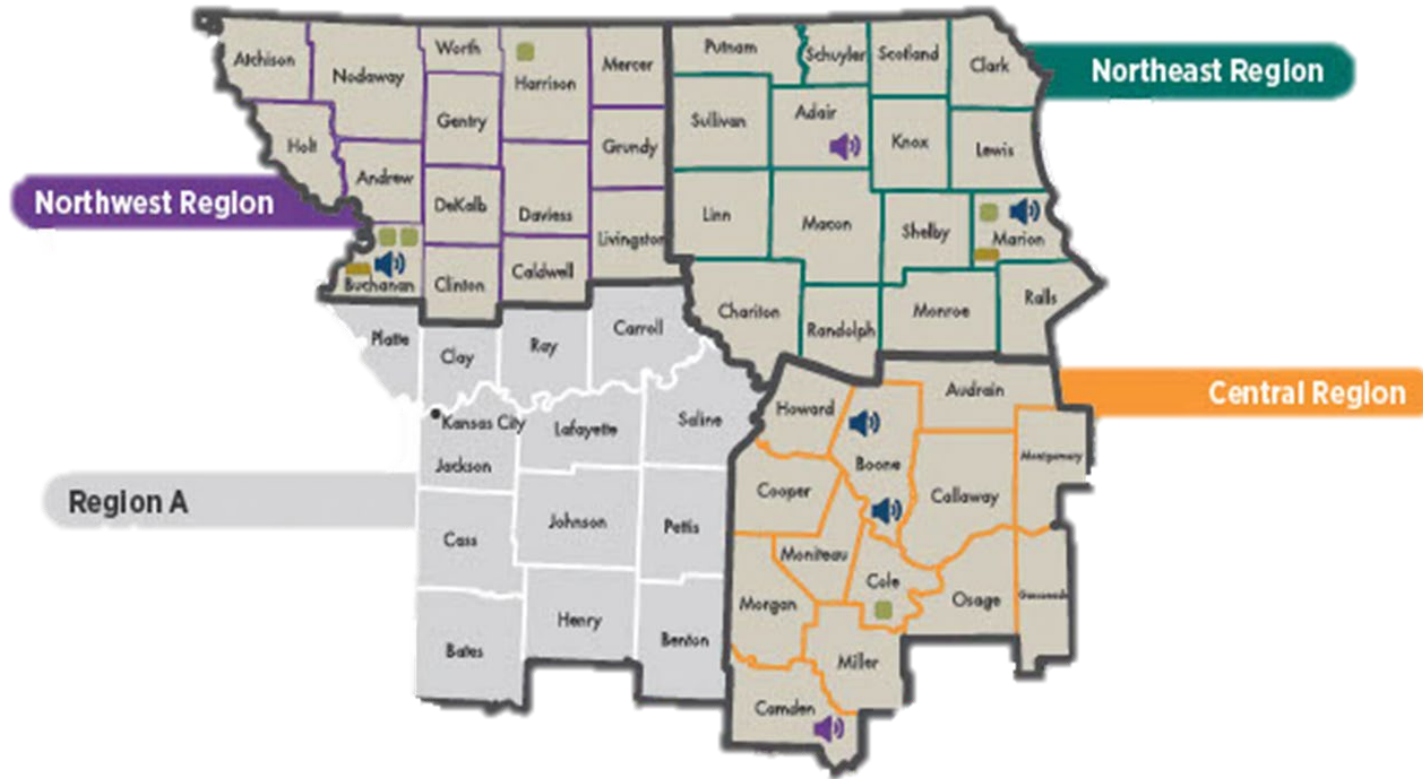

Review status of activities versus Deliverables.

Complete an activity that achieves Output Accomplishments

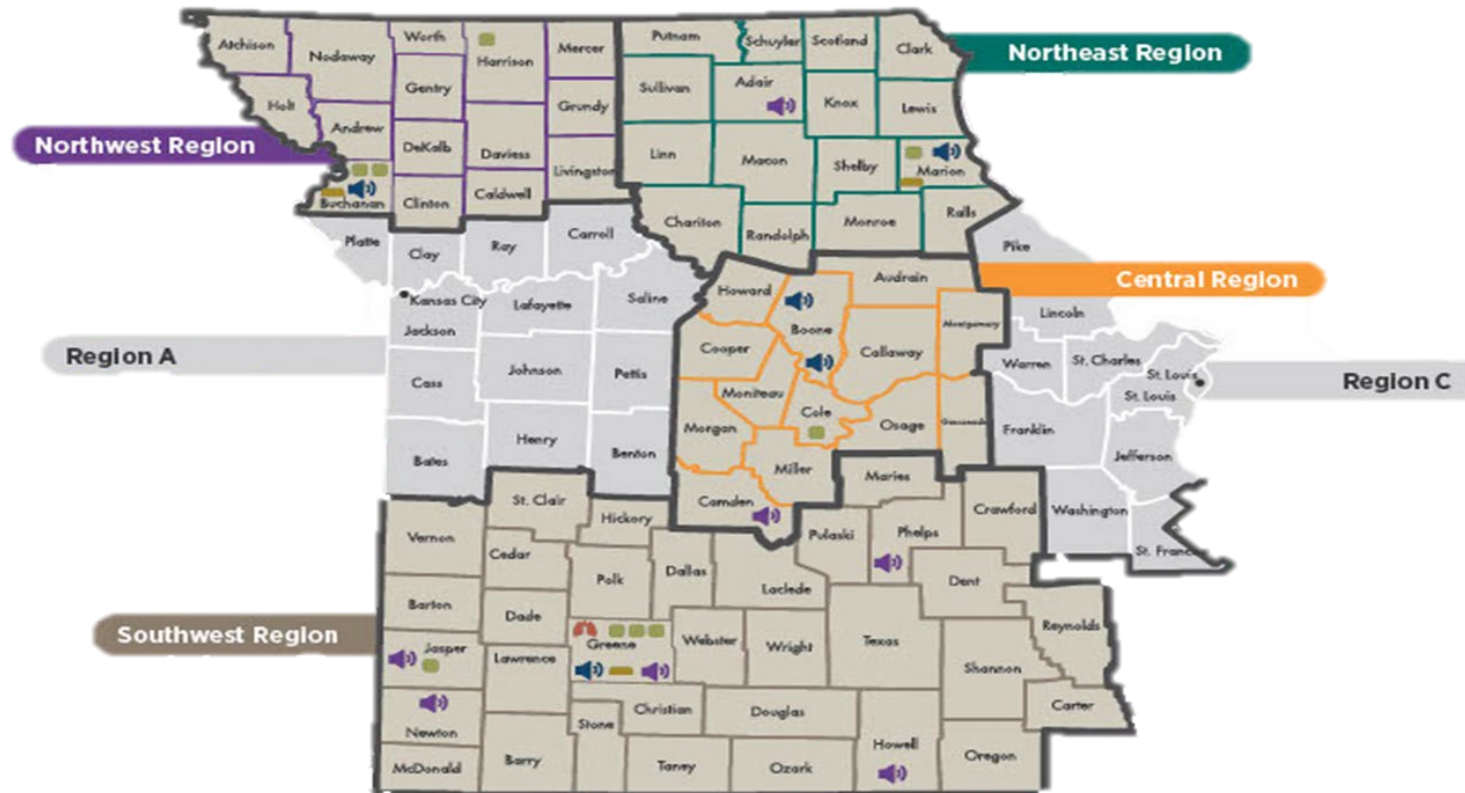

Review Mid-Month progress.

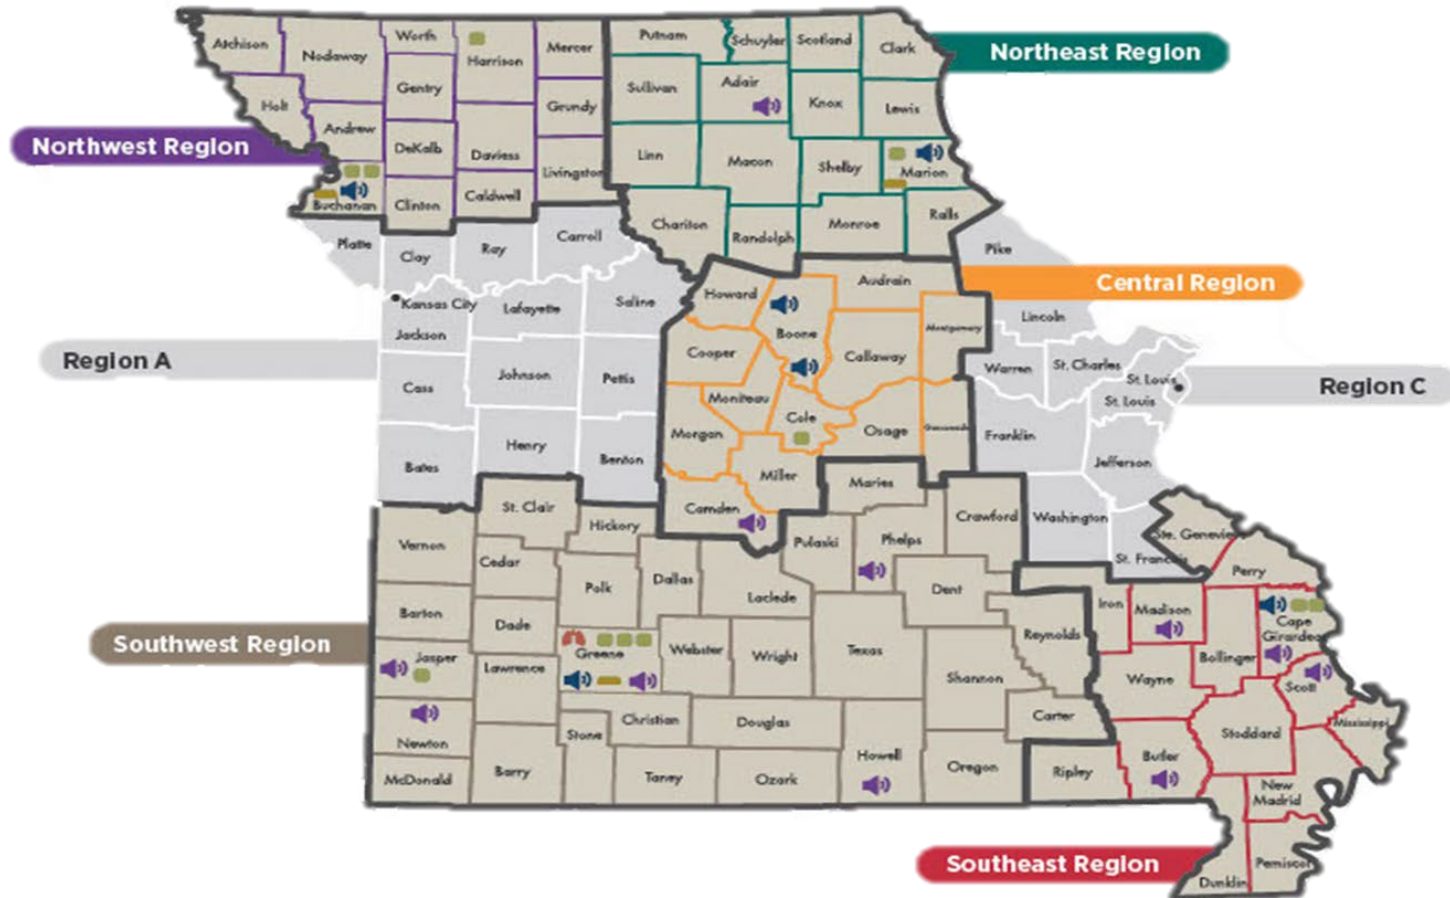

Revise schedule to prevent/remove conflicts that delay achieving Output Accomplishments.

Review status of activities versus Deliverables.

Update schedule for upcoming Month.

Determine who are the supporting Partners in the Planning Process

Key Point.

See one LPHA - Seen One LPHA.

Missouri has 114 Counties plus City LPHAs.

MO-HNS

01

What is MO-HNS

02

03

The Missouri Health Notification System (MO-HNS) is a secure web-based system accessible anytime and anywhere for emergency planning and response communication with public health partners. The Missouri Department of Health and Senior Services administers MO-HNS to facilitate alerting and collaboration between federal, state, local Public Health Departments, clinics, hospitals, and other public health emergency partners on a 24/7/365 basis.

04

05

01

As a local public health agency, will I be able to forward HAN messages to my local partners?

02

03

04

Yes. Each LPHA will have designated a HAN Coordinator who will have administration and distribution rights at the local level. Local HAN Coordinators will be able to forward HAN messages to their local recipients, as well as use the system for emergency notifications. If they so choose.

05

01

02

03

04

05

What is a Health Alert Network (HAN) Coordinator?

HAN coordinators are responsible for the coordination, implementation, and maintenance of the Missouri Health Notification System (MO-HNS) for their agency or jurisdiction. Having a HAN Coordinator in each LPHA is a critical link between state agencies, local jurisdictions, and public health emergency partners.

Welcome to Missouri Health Notification System (MO-HNS)

The Missouri Health Notification System (MO-HNS) is part of a nationwide, secure, web-based communication system that was established by the Centers for Disease Control and Prevention (CDC). This communication system is implemented by each individual state along with their respective Local Public Health Agencies. It is designed to enable a 24/7 flow of critical health information between the Missouri Department of Health and Senior Services (DHSS) and local personnel and health care professionals throughout the state, including physicians, nurses, hospitals, laboratories, clinicians, public health workers, emergency management personnel, public health

WebEOC

01

What is WebEOC

02

03

Missouri WebEOC is an online tool for information sharing and resource request tracking during emergencies, disasters, significant events and daily operations. SEMA and our response partners believe WebEOC provides the opportunity for leadership at all jurisdictions to work with a common operating picture and real time situational awareness of events affecting their region and the state.

04

05

01

As a local public health agency, how can I utilize WebEOC?

02

03

SEMA encourages all Missouri response partners to utilize WebEOC so that we can all be as responsive as possible to the people we serve. Use of WebEOC is restricted to Missouri response partners.

04

Missouri WebEOC includes a customized set of boards that have been developed specifically for Missouri. Within the context of WebEOC, boards are electronic displays of information grouped by subject matter. Information contributed to boards is displayed in real time and visible to other WebEOC users. Missouri WebEOC also contains a resource request process. WebEOC is a tool users will find both easy to learn and easy to remember.
